Lexel

Super-elastic. Superior adhesion. Paintable. It seals around anything: tubs and shower stalls, sinks and counter tops, window frames and door frames, PVC and metal pipes. Apply to wet or dry surfaces, indoors and outdoors. It's tough and can handle up to 800% joint movement. It's scrubbable. It sticks to just about anything. Lexel clear sealant is 19 times clearer than silicone and won't yellow or cloud up over time.

Lexel won't let you down.

WHERE TO USE

In most any place you'd use silicone, including:

- Kitchens and bathrooms, including fixtures, countertops and backsplashes
- On wallpaper edges to prevent curling
- Around trim, windows, doors, thresholds, sills, siding, vents, pipes and air conditioners
- Around leaky duct work
